

	Question	Answerer
①	Are there designated areas on hotel or Japan cycling center where we can do the maintenance and cleaning of the bikes ?	<b>【Japan Cycle Sports Center】</b> • Maintenance area: Team tents / Bicycle storage area • Washing area: To be provided only for mountain bikes <b>【Hotel】</b> Maintenance area: Maintenance cannot be done at the hotel, so no maintenance area is available. Washing area: No bike washing area is available.
②	Are there lockable storage spaces which will be given to the nations for materials and tools ? Not necessary on the hotel but somewhere in Japan cycling center.	• Team tents: No lockable storage space available • Bicycle storage area: The bicycle storage area can be locked; however, whether a separate lockable space for tools and materials can be secured within that area is still under discussion.
③	Will be team cars allowed on the race courses during competitions - road race and individual time trial race ? What are the regulations regarding cars in convoy, especially the height of the cars and tinted windows. (will be uci rules applied ? )	Team cars will not be allowed to accompany the race on the course during the road race and individual time trial events.
④	How will be the mechanical pits organized during XCO event - are there 2 planned or one double ?	The course layout for the XCO event is still under review, but currently, we plan to install a single double pit.
